“REMOVE BLUE TAPE” LABEL

“Remove Blue Tape” Labels are used to remove the print head sealing aka blue tape. It is placed between the blue tape and print head and provides an easy and smooth removal of the tape.

Offered in 1,000 piece bags.

Only \$ 6.95

Sealing the print head is one of the important steps in ink cartridge refilling procedure.

It protects the print head and prevents any ink drying and contamination.

METAL BALL PLUGS

In order to refill some HP, Canon, and Brother ink cartridges, metal ball plugs are pushed in so that we can access to refill holes. As the refilling is done, these plugs are put as a replacement.
